

WPC LITTLE HOOPSTERS Testimonials

The Little Hoopsters program has been a wonderful part of my children's lives over the years. Our two older sons are "graduates" of Little Hoopsters and now our youngest one has completed his second year. My husband and I have truly enjoyed this Sports Ministry because our children learned very important basic technical skills and drills of basketball, while simultaneously learning about Jesus Christ. Also, many life-long friendships were fostered along the way. I have been impressed with how the message of God's love for us and the Gospel have been intertwined into the sport through the short devotionals and prayer time. In addition, it has been fun to see my husband (as a coach) model for our family one way to serve the Lord!

Thank you,

K.O.

We've had two girls enrolled in Little Hoopsters for a combined total of five years. This ministry has been such a blessing to them. First, the coaches/leaders are very gentle in teaching them the sport of basketball. There is no yelling, but gentleness; no criticism, but encouragement. Secondly, the devotionals are great at teaching children God's Word which is vital to their spiritual growth. My family is very much appreciative of Little Hoopsters ministry!

DM

We would like to take this opportunity to express our appreciation for your Sports Ministry Program. Through your basketball program, we were brought to Wintersburg and have been attending your morning worship service since last summer.

Our grandsons started basketball in in your Little Hoopsters program with Mike Tanaka. We heard Pastor Fred speak about the purpose of the program at the trophy ceremonies each summer, always ending with an invitation to visit your church. Our oldest grandson has continued from Little Hoopsters to SEYO on Mike's team. Through Mike's prayers and devotionals every game and practice, we felt guided to Wintersburg when invited to attend SEYO Sunday last year.

We are sure you will continue to reach families through your Sports Ministry Program as you have with ours. We are grateful our grandchildren are in a program that encourages spiritual growth and sportsmanship as well as development of physical skills.

Thank you.

Sincerely,

D and S F.
